# Learning Objectives

Upon completion of the course, attendees will be able to

1. Discuss and demonstrate joint reduction techniques appropriate for the athletic training room and sideline.
2. Identify indications and contraindications for use of permitted emergency medications listed within the Administrative Regulations for Athletic Trainers in Kentucky
3. Employ appropriate technique for measuring rectal temperature to assist in guiding the management of exertional heat illness.
4. Describe the changes in the updated Practice Act and how they affect Athletic Trainers in Kentucky.
5. Attendees will understand the current status of the NATA Third Party Reimbursement Initiative and the strategy behind the effort.
